Master of Law in International Business Law (English Language)

Introduction

The International Business Law programme offers a great opportunity to study the law applicable to transnational business transactions and the regulation of economic activities. In the age of globalization, it is fundamental to be aware of international legal and regulatory standards in force both in Macao and in other regions, including the mainland of China, Hong Kong, the European Union and foreign countries. Doing business within Macao or with companies from abroad requires investors, legal advisors, and corporate officers to have knowledge of the relevant international legal and regulatory systems. This programme is designed to provide participants with the necessary background, in English, which is the language of international business. New and important areas are studied, such as: gaming law; commercial contracts; intellectual property law; anti-money laundering law; international trade law.

1. Admission Requirements

- In accordance with Item 8 of Article 20 of Law no. 10/2017 (Higher Education Regime).
- Applicants possess Bachelor degree in Law or a degree in a relevant area are preferable.
